

Log Off

Last Modified on 11/06/2023 2:52 pm EST

Logging off Officer Mobile does not take you [off duty](#). After logging off, you will still appear as an on-duty officer to your dispatcher and may continue to be assigned tasks.

To log off:

1. Tap **Profile** from the dashboard.
2. Tap **Log Off** at the top right corner of the screen.

If you logged in using single sign-on authentication (SSO), closing or navigating away from the app will **not** log you out of Officer Mobile. To end your SSO session, you must tap **Log Off**.

If you logged into the app using single sign-on (SSO) and you're running Android OS 4.4 or earlier, it may take up to 20 seconds to successfully log out.
