

Library Application in Security Risk Management

Last Modified on 05/09/2022 2:45 pm EDT

If you're a member of the **Administrator (Incident Management)** user group, the **Library** application will display in your **nav bar**. Through this application, admins can view and create new objects, including business units, locations, organizations, and incident types. These objects are then available to be added to incidents, depending on the user's permissions.

Library items are often updated via spreadsheet import. If you edit a library item, it may revert back if another user is maintaining the item via spreadsheet import. To mass-upload objects by spreadsheet, contact [Resolver Support](#).

The screenshot displays the Resolver application interface. At the top, the Resolver logo is on the left, and a search bar with a plus icon, a search icon, and a menu icon (three dots) is on the right. Below the logo is a navigation bar with 'Library' selected and a dropdown arrow. Other navigation items include 'Org Structure', 'Locations', 'People', 'Organizations', 'Vehicles', and 'Assets'. The main content area is titled 'Org Structure' and contains three sections: 1. 'Org Structure' with four buttons: '+ CREATE NEW BUSINESS UNIT', '+ CREATE NEW COMPANY', '+ CREATE REGION', and '+ CREATE MARKET'. 2. 'Company' section featuring a card for 'Riverdale Industries' (ID: C-1) with an 'Active' status button. The card includes a description: 'Since its founding in Bavaria in 1872, Riverdale Industries, Inc. has become the leading supplier of fiberboard products in Europe and North America, with offices in 12 cities worldwide, including the U.S. Headquarters in Arlington, VA. This is the only remaining fabricator of wood panel products constructed with hand-ground wood fibers. The company expanded its operations in China in 2006 with the construction of n...'. 3. 'Business Units' section featuring two cards: 'Business Unit 1' (ID: BU-1) and 'Business Unit 2' (ID: BU-2), both with 'Active' status buttons. Each card contains placeholder text: 'Lorem ipsum dolor sit amet, ius graeci vocibus verterem ad. Sit in omnis detracto, pri tritani qualisque sadipscing id.
