

Deleting a Chart from a Dashboard

Last Modified on 12/20/2023 2:51 pm EST

Our new Dashboard feature is available upon request for the initial launch phase. Please contact your Customer Success Manager if you'd like to schedule implementation with our Services team.

Overview

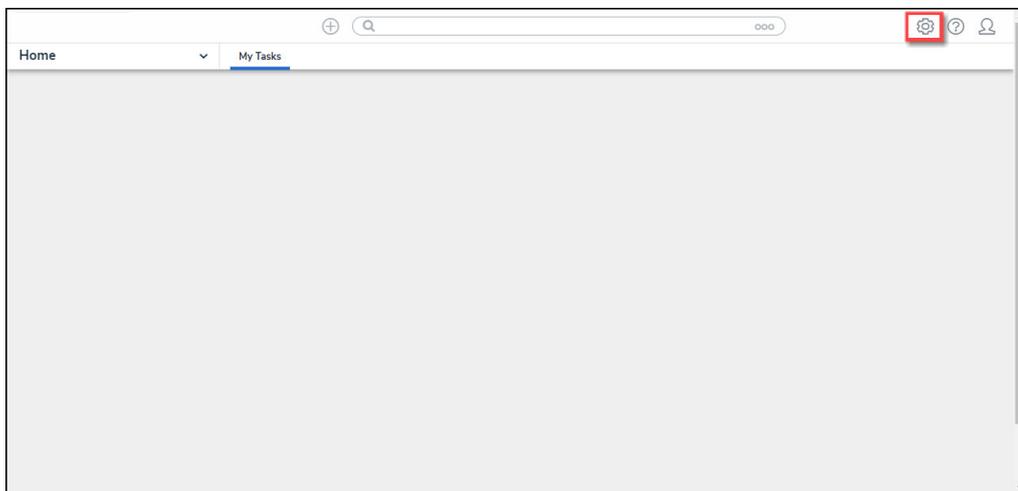

An Administrator can remove a Chart by deleting it from the Dashboard.

User Account Requirements

The user account you use to log into Resolver must have Administrator permission to use the Dashboard Builder.

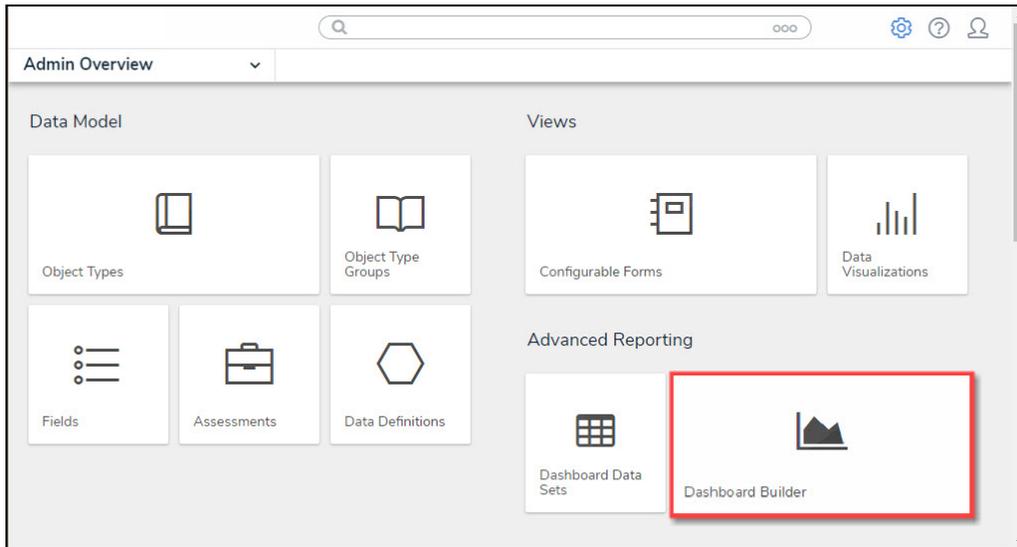

Navigation

1. From the **Home** screen, click the **System** icon.

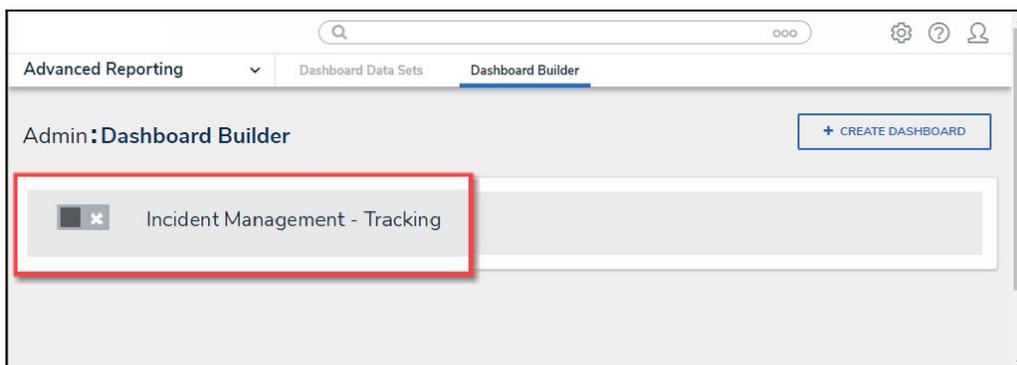

System Icon

2. From the **Admin Overview** screen, click the **Dashboard Builder** tile under the **Advanced Reporting** section.

Dashboard Data Sets Tile

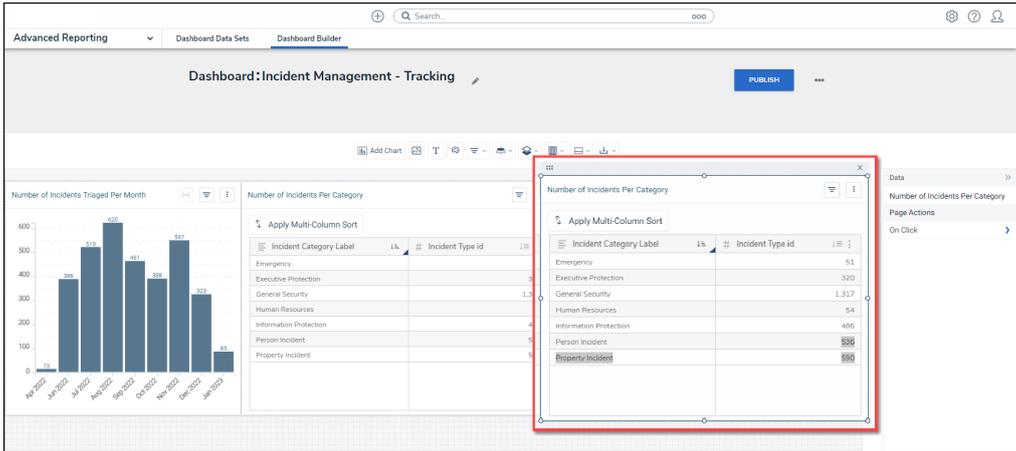

3. From the **Dashboard Builder** screen, click a **Dashboard Name**.

Dashboard Name

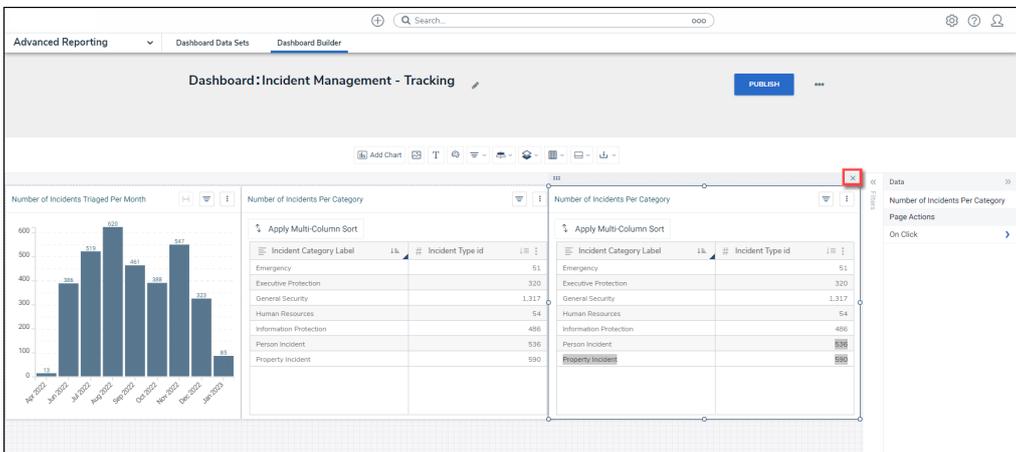

Deleting a Chart

1. From the **Dashboard** screen, click the Chart want to delete from the Dashboard.
2. When a Chart is selected, you will see a slight black border around the Chart and the **Move** and **Delete** icons will appear at the top of the Chart.

Selected Chart

3. Click the **x** icon on the Chart you want to delete from the Dashboard.
