

New in 2.2: Starred Reports

Last Modified on 05/31/2018 9:07 am EDT

Get quick and easy access to important reports by adding them as tabs on your homepage. Simply click the  icon from the report's page, click **Add to Home** and you're done! Check out the video below for a quick orientation on how to use this awesome new feature. Your browser does not support HTML5 video.
