

Core Administrator Overview

Last Modified on 02/19/2025 4:33 pm EST

Core administrators are responsible for adding Incident Management users and assigning them to user groups. They differ from users in the Administrator and Incident Management Administrator user groups in that they do not have access to Incident Management, unless they have been added to an additional role or user group.

Core administrators can access the **Admin** page by clicking the  icon in the **top bar** on any page. If you're not a Core administrator, this icon will not be visible.

The Core Administrator can create users only. It is not to be confused with the **Administrator (Incident Management)**, who can view incident objects and manage library objects.

Enabling Admin or All Access account status for new users is not recommended. **Admin** will give users **Administrative** privileges, including the ability to cause irreparable damage to your app. **All Access** will give users the ability to see all objects and object types in your app.

As the Administrator, you may be able to edit other settings in Administration. **Deleting or changing administrative settings may cause irreparable damage to your Incident Management app.** For more information or to request additional configurations to your app's administrative settings, contact [Resolver Support](#).

The screenshot shows the Resolver Admin interface. At the top, the 'RESOLVER' logo is on the left, and navigation icons (plus, search, menu, settings, help, user) are on the right. Below the logo is a 'People' dropdown menu. The main navigation bar has tabs for 'Users' (selected), 'User Groups', and 'Roles'. The page title is 'Admin : Users'. In the top right corner of the content area is a '+ CREATE USER' button. The main content area displays a list of users with the following details:

Name	Email	Action
Altair Birde	ABirde@mail.com	IMPERSONATE
Anonymous User	anonymousuer@coreqe.com	IMPERSONATE
Arthur Bransson	ABransson@mail.com	IMPERSONATE
Beau Fromm	BFromm@mail.com	IMPERSONATE
Bernice Shettleford	bsheetleford@mail.com	IMPERSONATE
