

Issue Owner & Delegate Overview

Last Modified on 02/25/2025 11:02 am EST

Issue owners and their delegates are responsible for adding corrective actions to issues, assigning a corrective action owner, then submitting the issues to the **Compliance Team** for review. Issue owners are assigned issues by the [Compliance Team](#) or the [Requirement Owner](#).

Assigned issues appear on the [My Tasks](#) page.

An assigned issue on the My Tasks page.
