Requirement owners and their delegates have access to the **Requirements** activity in the **Portal**. This activity contains two sections:

- **My Compliance Dashboard:** A summary of all requirements, controls, and issues you have been assigned to; and
- **My Requirements:** A list of all requirements assigned to you for review.

The screenshot shows the Resolver web application interface. At the top is the Resolver logo and navigation bar with a search bar and user profile icon. Below the navigation bar, there's a dropdown menu currently set to 'Portal', with 'Requirements' as an option. The main content area is titled 'Requirements' and contains three sections: 1. A general overview of the requirement portal. 2. 'My Compliance Dashboard' featuring a card for 'Riverdale Industries' with a status of 'Active'. 3. 'My Requirements' section with a search bar and a list of assigned requirements, including 'Freezing property' with a status of 'Document Controls' and a category of 'CORPORATE'.

The Requirements activity in the Portal.

To view the Requirements activity in the Portal:

1. Log into a user account that's been added to the **Requirement Owner & Delegate** user group.
2. Click the dropdown in the nav bar > **Portal** to open the **Requirements** activity.

The nav bar.
