

Manually Delete the 2.0 Folder

Last Modified on 11/18/2020 1:33 pm EST

This article provides instructions on manually deleting the 2.0 folder to uninstall Dispatch, as well as instructions on deleting additional folder data (if needed).

To delete the 2.0 folder:

- 1. Close all Core and Dispatch-related processes.
- 2. Open File Explorer.
- 3. Enter the C:\Users\[USERNAME]\AppData\Local\Apps path into the address bar of File Explorer then press Enter on your keyboard.

[USERNAME] in the above path will need to be replaced with the user name of the currently logged in user.
