

Issue Owner & Delegate Overview

Last Modified on 02/25/2025 10:55 am EST

Issue owners and their delegates are responsible for adding corrective actions to issues, assigning a corrective action owner, then submitting the issues to the risk team for review. Issue owners and delegates are assigned issues by the [Risk Team](#) or the [Risk Owner](#).

Assigned issues appear on the [My Tasks](#) page.

Assigned issues on the My Tasks page.
