

Administrator Overview

Last Modified on 02/18/2025 1:50 pm EST

Administrators are responsible for adding Library objects to Incident Management and Security Risk Management. Users in this group oversee the [Library](#) application to manage the reference data available to users, including locations, Security Audit Frameworks, Persons and incident types.

Watch the video below for a brief overview of the Administrator user group.

Your browser does not support HTML5 video.

The screenshot displays the Resolver application interface. At the top, the Resolver logo is on the left, and a search bar with a magnifying glass icon and a dropdown menu is on the right. Below the header is a navigation bar with tabs: Library (selected), Org Structure, Locations, People, Organizations, Vehicles, Assets, Incident Types, Activity Types, and Announcements. The main content area is titled 'Library: Org Structure'. It features a section for 'Org Structure' with four buttons: '+ CREATE NEW BUSINESS UNIT', '+ CREATE NEW COMPANY', '+ CREATE REGION', and '+ CREATE MARKET'. Below this is a 'Company' section showing a card for 'C-1 Riverdale Industries' with an 'Active' status button. The card includes a description: 'Since its founding in Bavaria in 1872, Riverdale Industries, Inc. has become the leading supplier of fiberboard products in Europe and North America, with offices in 12 cities worldwide, including the ...'. At the bottom is a 'Business Units' section with a search bar and two cards: 'BU-2 Business Unit 1' and 'BU-3 Business Unit 2', both with 'Active' status buttons. Each card contains placeholder text: 'Lorem ipsum dolor sit amet, ius graeci vocibus verterem ad. Sit in omnis detracto, pri tritani qualisque sadipscing id. Ex sit amet exerci, ad eam quem velit intellegebat. Eum cu suas dissentiet, cu n ...'.

The Library.
