

Resolver's SaaS Solutions Shared Responsibility Model

Last Modified on 09/15/2025 9:40 am EDT

The SaaS (Software as a Service) Solutions Shared Responsibility Model below outlines the privacy and data security responsibilities for our Customers, Resolver®, and Amazon Web Services (AWS) while using one of our SaaS solutions.

SaaS Solutions Shared Responsibility Model

Note:

The Customer is responsible for application security and data uploaded into any Resolver's SaaS solutions. See Clause 7, Your Responsibilities in the [Resolver Inc. Terms of Service](#) agreement for further information.
