

Locating an Org's ID

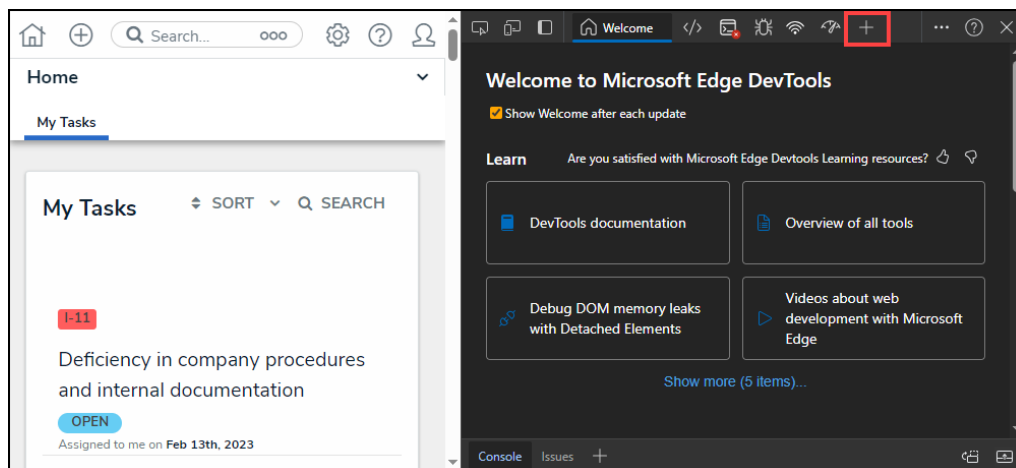

Last Modified on 11/08/2024 10:21 am EST

Overview

An Organization's ID is used to execute multiple Swagger endpoints.

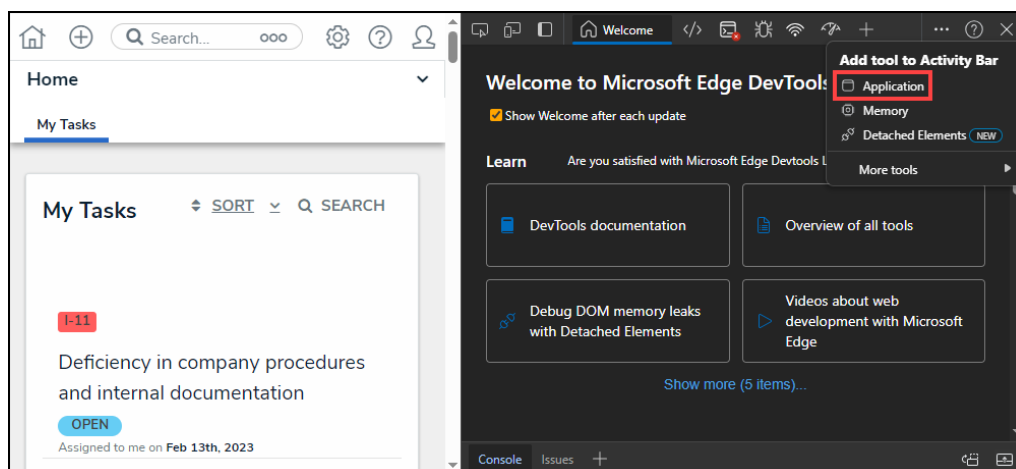

Navigation

1. Navigate to a browser, either Chrome™ or Edge®.
2. Log into the Resolver application.
3. From the **Home** screen, click the **F12** key on the connected keyboard.
4. From the **DevTools** pop-up, click the **+** button.

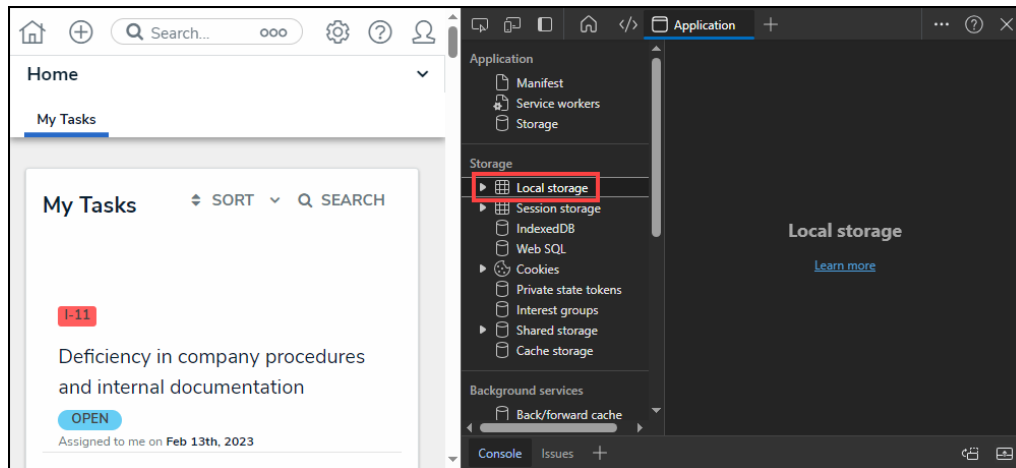

Plus Button

5. Select **Applications** from the dropdown menu.

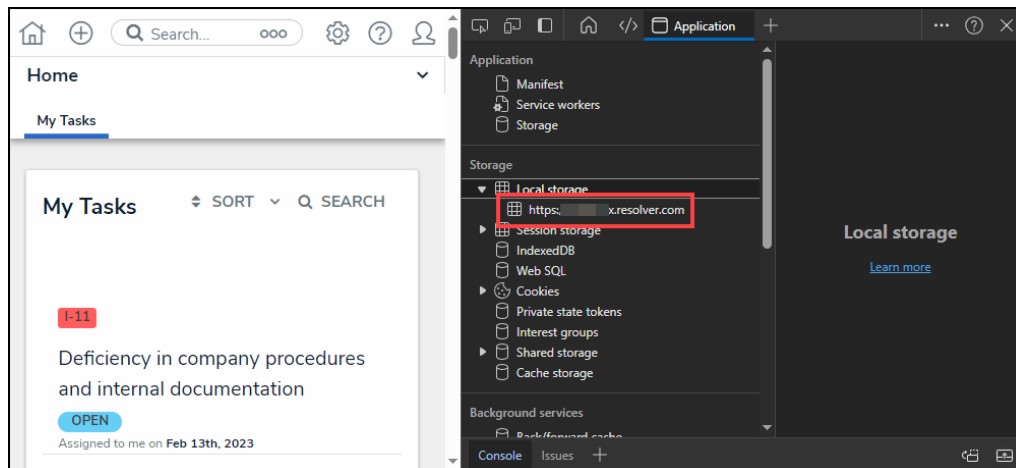

Applications Link

6. From the **Applications** screen, expand the **Local Storage** node.

Local Storage Node

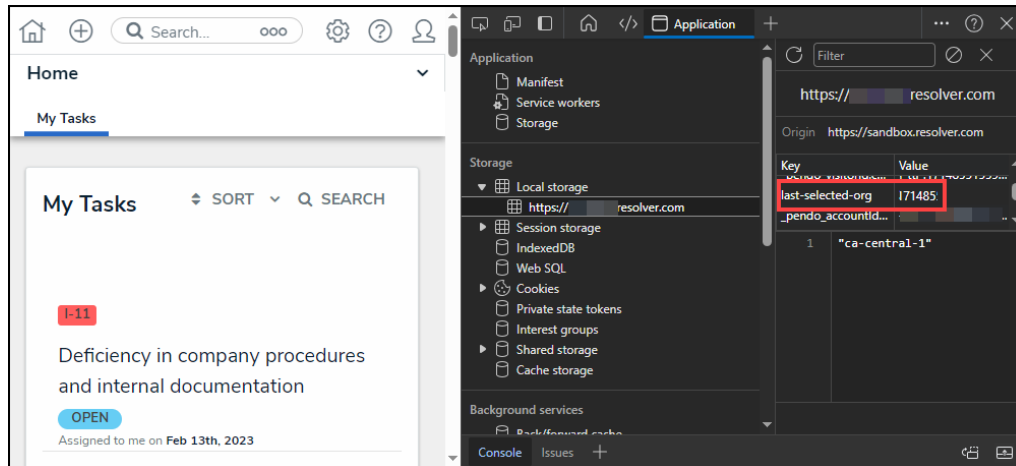

7. Click on the **Resolver URL**.

Resolver URL

Locating an Org's ID

- From the **Local Storage** screen, locate the **last-selected-org** label. The organization's ID will be listed after the label.

last-selected-org
