

Edit or Delete a Portal URL

Last Modified on 02/14/2025 3:53 pm EST

Overview

Users can edit or delete Portal URLs from their Orgs.

User Requirements

The user account you use to log into Resolver must have Administrator permissions.

Required Information/Setup

Please refer to the [Portal URL Overview article](#) to learn more about using a Portal URL.

Please refer to the [Creating a Portal URL article](#) for more information on creating a new Portal URL.

Navigation

1. From the **Home** screen, click the **Administration** icon.

Administration Icon

2. From the **Administrator Settings** menu, click **Admin Overview**.

Administrator Settings Menu

- From the **Admin Overview** screen, click the **Portal URL Settings** tile under the **Communications** section.

Portal URL Settings Tile

- From the list on the **Portal URL Settings** screen, click the name of the Portal URL that you want to edit or delete.

Portal URL Name

Editing a Portal URL

1. From the **Edit Portal URL** screen, click the **Name** field to edit the Portal URL name.

Portal URL Settings: Edit Portal URL

* Name
Anonymous Submission - Intake

Description

* User
Select one...

The selected user will be used to authenticate access to the Portal URL. Ensure the user assigned here only has permissions relevant to use the Portal. By associating this user to a Portal URL you are accepting the terms of services. These can be found at <http://www.resolver.com/legal/>

☒ Enable IP Authorization Control

Name Field

2. Click the **Description** field and enter a new description.
