

Feature Access Overview

Last Modified on 11/10/2025 11:38 am EST

Overview

From the **Feature Access** screen, Administrators and Settings Management advanced permission users can self-enable the following features on an Org:

- AI-Generated Regulatory Summarization
- Requirement Similarity
- AI-Recommended Controls
- Portal Agent

Note:

*If you are interested in learning more about the **Portal Agent** feature and enabling it on your Org, please contact your Customer Success Manager.*

User Account Requirements

The user must have Administrator or Settings Management advanced permissions to access the **Feature Access** screen.
