

Edit or Delete an Assessment Concatenation

Last Modified on 09/17/2025 2:20 pm EDT

Overview

Users can edit or delete assessment name or description concatenations from their Orgs.

Data definitions and variables on concatenations cannot be edited; however, you can delete the concatenation to select a new definition and create new variables.

User Requirements

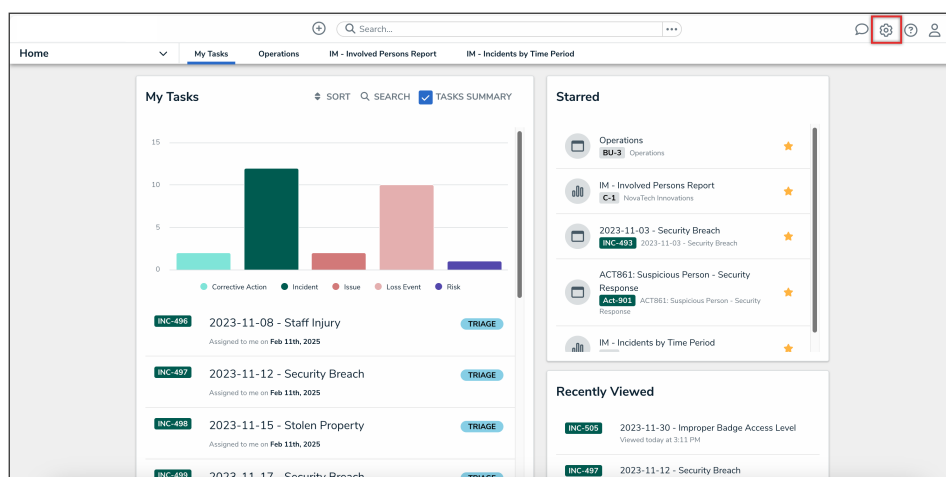

The user must have Administrator permissions in order to access the **Admin Overview** section.

Related Information/Setup

Please refer to the [Add Name or Description Concatenations to an Assessment](#) article for more information on adding Name or Description concatenations to an assessment.

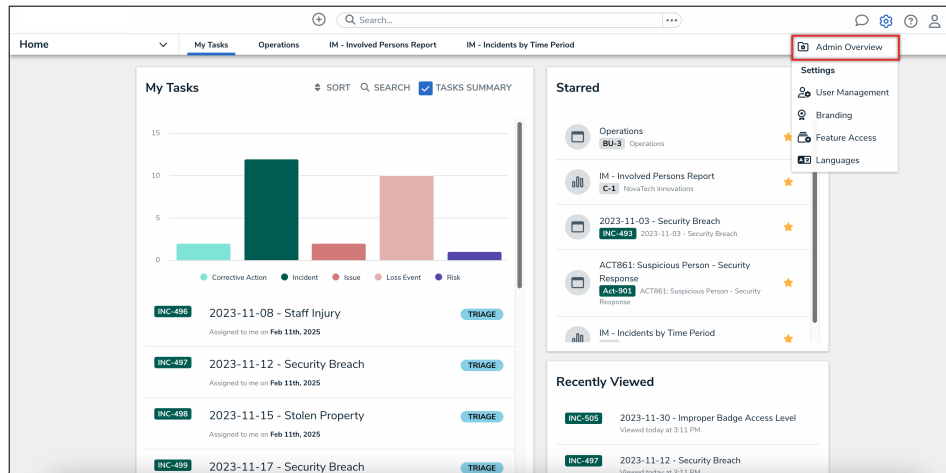

Navigation

1. From the **Home** screen, click the **Administration** icon.

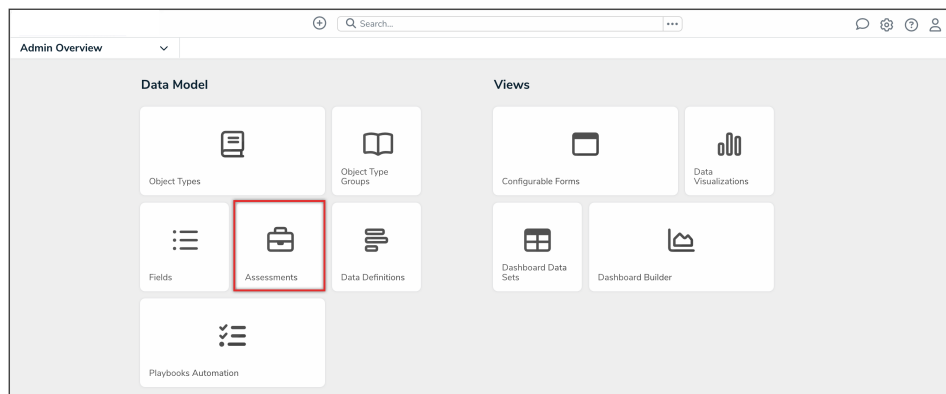

Administration Icon

2. From the **Administrator Settings** menu, click **Admin Overview**.

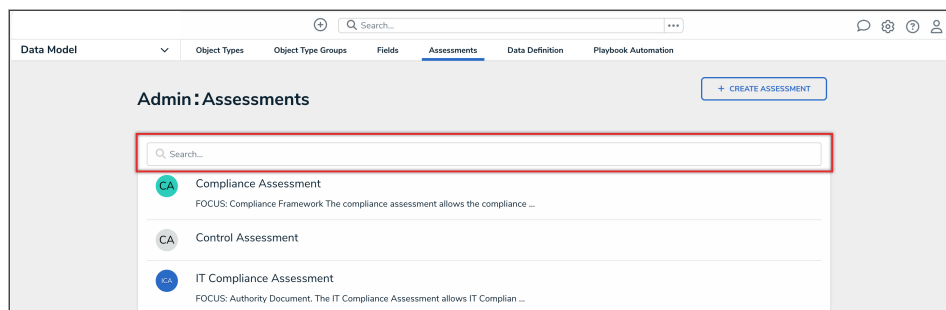

Administrator Settings Menu

- From the **Admin Overview** screen, click the **Assessments** tile under the **Data Model** section.

Assessments Tile

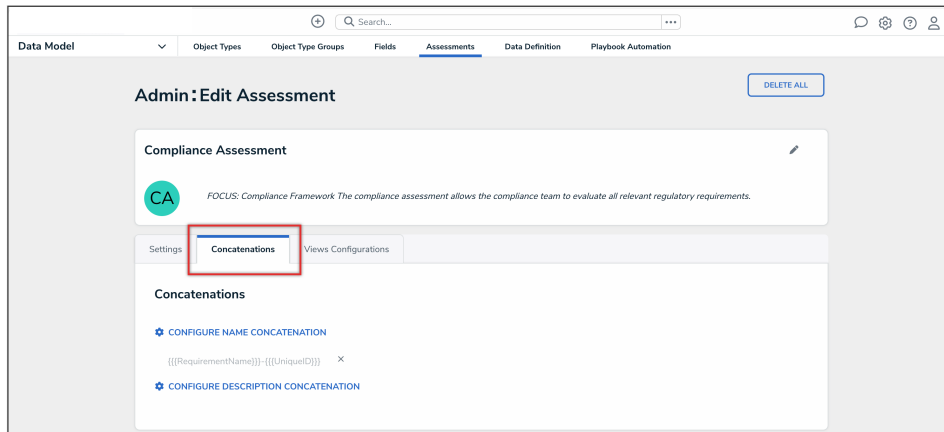

- From the list of assessments, click the assessment with the name or description concatenation you want to edit or delete.

Object Type Name
